

Guess the Number Game

Warm-up

1. Shuffle the cards and place them face down in the center of the table.
2. A player opens 1, 2, 3 or 4 cards at a time and arranges the cards to form a 1-, 2-, 3- or 4-digit number.
3. Everyone read out the number. Example, if you open 356, then everyone says 'Three hundred fifty-six'.
4. Take turns to open the cards till everyone knows how to name the numbers.

Game

1. Form 2 teams.
2. Shuffle the cards and place them face down in the center of the table.
3. Decide on the number of digits to test. One player from team 1 picks up the required number cards in his hands without letting the players in the other teams see the numbers.
4. Example, if 3-digit numbers are being tested, then pick out 3 cards at a time.
5. The player then arranges the cards to form a number.
6. The other players in team 2 take turns to guess the number.
7. The only clues Player 1 can give is to say “Higher” or “Lower”.
8. The number of tries needed for team 2 to guess the number is the number of points they get.
9. A player from team 2 gets to pick out the cards next.
10. The game ends when everyone in both teams gets a chance to pick up the cards.
